MOBILE AIR COMPRESSOR

Mobile Air Compressor

The Mobile Screw Air Compressor delivers reliable, high-efficiency compressed air in a compact, mobile design. Built with a durable screw compression system, it provides stable pressure output, energy-efficient performance, and dependable operation.

Designed for industrial environments, the unit supports both standalone and multi-unit linked operation, ensuring consistent airflow and smooth integration into varied air-supply setups.

SCOUT 700 SPECIFICATIONS

Air Displacement – 700 CFM
Max working pressure – 116 PSI
Design – Twin Screw
Oil Content - <2 PPM - 99.9% Oil Free
Motor Power – 150 HP
Voltage – 480 V AC
Temperature Operating Range: -4°F / 113°F (-20°C / 45°C)
Dimensions – 114" L x 66.5" W x 83.5" H
Weight – 5180 LBS

STANDARD FEATURES

Variable Frequency Drive
Smart Controls / Safeties Monitoring
Single Lift Point
Fork Pocket
Silenced Operation
Wagon Type Trailer
Emergency Stop
